

Full Screen

The ultimate discreet fixed frame screen

When a frame doesn't suit the aesthetic of the installation, our ultimate discreet FullScreen Acoustically Transparent fixed screen offers the perfect solution.

The borderless design is especially neat when you want to hide the screen in the plain sight. FullScreen is a Fixed-Frame Acoustically Transparent screen available in both HD and WS formats.

Technical info:

Fully 4K and HDR compatible

Surface: Enlightor Neo

Frame: High grade Aluminium frame for structure

Standard Sizes:

HD up to 210" / 5334mm base width

WS up to 280" / 7112mm base width

Custom sizes and aspect ratios available upon request

HD Aspect Ratio: 1.78:1 (16/9)

WS Aspect Ratio: 2.35 - 2.40:1

Advanced features:

- Enlightor projection surfaces - uncompromised image and sound quality
- No moiré effect - ideal for use with 4k projectors
- Acoustically transparent woven black backing fabric eliminates rear wall light reflections while maximising contrast
- High quality aluminium frame ensures structural rigidity
- Groove tensioning system guarantees a perfectly flat projection surface
- Discreet, borderless design blends the screen seamlessly into the room interior
- Hand crafted with care in England
