
Retractable Solid Tensioned Screens (RST)

The only solid surface projection screen from Screen Excellence

Whenever an Acoustically Transparent screen is not wanted, be it because the projected programs are not movies, or because of a professional use not relating the speech to the image (sports events, data projection, education, etc.), the RST is offering the Screen Excellence quality at a competitive price.

Clean lines, quiet operation, flat tensioned projection surface solid screen are the selling key points of this Retractable line. Delivered in a white case with a manual switch for opening and closing the screen. IR and RF remote controls are available on option.

This line of retractable screens offers a tab-tensioned white solid screen, quiet function, quick and safe mounting system in standard and custom sizes.
